It's like coming home after a long day and cuddling up with your husband on the couch under your favorite quilt! This book is one of my favorite "comfort books" with beautiful quilt patterns and designs. You just can't get a better one than this that's why I say this book is like a good husband because they're rare and comforting! 4 of 4 people found the following review helpful. Quilting Class

RequirementBy K. ReeceI participated in a quilting class that required a pattern from this book. I am a beginner quilter and found the instructions to be somewhat vague and hard to follow, especially fabric selection and layout as I did not use the exact fabrics. However, with class instruction I was able to make a beautiful quilt and perfect my Y-seam skill.0 of 0 people found the following review helpful. Five StarsBy Sandragood.
