Judd This book is an inspirational guide for the person who wants to put together a one-of-a-kind cookbook that is more than just a collection of recipes. It will give you all the information you need to create a volume that is a reflection of your community, your family and your own personal culinary heritage--a cookbook created with love. Brenda Hulin's own stories and illustrations from her experience putting together *Roux Memories: A Cajun-Creole Love Story With Recipes* demonstrate just how good the final product can be! The book is packed with useful information, some appendices with references to great resources and lots of creative inspiration. Highly recommended. 1 of 1 people found the following review helpful. Great Book By Hyfax I love cookbooks, scrapbooking, etc. etc. I made a cookbook for my daughter of all her favorite

recipes of mine and gave it to her on her wedding day. I checked this book out at the library and decided it was a keeper, so I bought it for my Kindle app. Can refer to it whenever for some great ideas!0 of 1 people found the following review helpful.
