There are a lot of pages dedicated to life before baby... which are great to finish before the baby comes! I keep a paper clip on the month-by-month update pages so that I can always write in a new achievement. I recently purchased a 2nd journal to make sure that both of my kids have the same baby book (and I know what things I need to keep track of to write in the baby book).0 of 0 people found the following review helpful. Beautiful BookBy VictoriaI would recommend this book to anyone. It is very sturdy and has alot of room for personalization. Comes with measuring tape, borders for pictures, and a pocket to store extras. There are plenty of firsts to record in here. I enjoyed using this book very much.0 of 0 people found the following review helpful. Great keepsake bookBy P.
