The yarn that is included in the kit does not seem to be the nice Rowan yarn from the original pattern book. It's some cheap, low quality yarn. If the child you make it for is just going to look at it, then it's not a problem. However, the child I gave it to played w it a lot, and the yarn got nubby and frayed. Also, the package does not include enough pipe cleaners. You will have to buy more. I like the needles that came in the box. They were made of very pointy wood. 2 of 2 people found the following review helpful. Just adorable. By Mary Jo Daraklis I made this for my sister-in-law. She has always had beagles. It is an adorable dog and the kit is the most complete I have ever bought. Nobody includes the stuffing and the needles. 0 of 0 people found the following review helpful. Disappointed in the skimpy amount of yarn supplied. By Granny Very cute. Unfortunately did not give enough yarn to finish the project. I had planned to purchase several more. Now I won't be buying any. I was very disappointed.
