Clare Garland : Knitted Babes before purchasing it in order to gage whether or not it would be worth my time, and all praised Knitted Babes:

It can take more time if you wish, meaning the more stuff you WANT to do and the more time you want to invest, DO IT. For those who just want a fun semi-quick hand made 'lovie" as my grand daughter says, it's a great project book. If you want to add beads, buttons, flowers, and so much more, it's just the time that you want to put into it. I will be knitting these dolls for years to come.0 of 0 people found the following review helpful. Five StarsBy Laura L.great book~2 of 2 people found the following review helpful. Too funnyBy SueI have been laughing ever since I got this book. I am knitting all of my friends and their clothes, and will give them as presents throughout the year. This book gives you all the ideas and the patterns. I love it.

Novice knitters only need to know a few stitches to make a collection of dolls with personality and wardrobes to match. To begin, the practical knitting and sewing know-how section illustrates the simple garter and stockinette

stitches used to assemble the dolls. Supplies are minimal and easy to obtain--just yarn and thread, sewing and knitting needles, and some small pieces of fabric for the clothes and accessories. One each of five sections is devoted to creating each doll's identity and accoutrements. Included are sewing templates to cut out and use, knitting charts, and advice on washing and caring for these dolls. This skill-building project book is a start-to-finish playmate maker that will inspire creativity and spark the imagination.

"Uses very little yarn, lots of imagination and fulfills my urge to create." Spun Magazine
