My grandson aged 11 saw this in a book store and after we bought it spent all weekend practicing knots. My second grandson aged 8 loved it as well and uses his new skills when sailing. As with most DK books the illustrations are superb and the total subject matter well done.0 of 0 people found the following review helpful. Excellent book. Great quality.By MegReally very well done. Graphics are indispensable in learning this craft without a boatswain around to teach it. The graphics in this book are great. The cover and page materials are standing up well to life on the boat.
