I just finished a quilt from the book and it is being quilted right now! There are a lot of great, helpful tips and the authors show just how easy, quick, and fun it is to work with pre-cut fabrics. I just purchased fabric for another quilt from this book. I would recommend this to all quilters, old and new. Just remember to press!!0 of 0 people found the following review helpful. Jelly Roll, Layer Cake and Charm Quilts provides seventeen beautiful projects that show you how to get the most from

pre-cut fabric bundles. The projects range from smaller lap quilts to full-sized bed quilts and each is made from one jelly roll, layer cake or charm pack (or a combination), making the quilts quick and economical. Using the latest fabrics, the authors provide a main quilt and an alternative color way for added versatility. Simple step-by-step instructions and illustrations make creating quilts from bundles fun and easy, regardless of your skill level.
