**Joachim Klang, Tim Bischoff, Philipp Honvehlmann : Lego Tips, Tricks and Building Techniques: The Big Unofficial Lego Builders Book** before purchasing it in order to gage whether or not it would be worth my time, and all praised Lego Tips, Tricks and Building Techniques: The Big Unofficial Lego Builders Book:

8 of 8 people found the following review helpful. Lego Fun!By ChristyThis book has amazing Lego ideas and is inspiring for all Lego fans. Step by step instructions for some builds and detailed pictures for others. Challenging for older Lego builders but simple projects included for beginners.7 of 7 people found the following review helpful. i would recommend the book for any ageBy kimmykati bought these books for my 4 year old grandson...they books are too complicated for him but it gives him and myself ideas for future builds...i would recommend the book for any age.2 of 2 people found the following review helpful. Good book, should be in every lego enthusiast library.By Joseph A. NardiGreat book. Gives lots of examples and projects....however, you need just the right bricks to build them.

This new volume of the successful Lego builders' books series addresses beginners as well as skilled builders who want to improve their building techniques and create individual and lifelike buildings, vehicles, and all kinds of other fancy designs. Step-by-step instructions help the reader to come up with their own personal Lego masterpiece. The authors clearly demonstrate how to build "around the corner" or put Lego bricks together so no studs can be seen from the outside. Furthermore, cobblestone pavement or various buildings consisting of skeleton framing elements can be created. Plenty of new modules can be created when people start using the bricks for purposes other than intended. Just start building, but don't forget: Just click - don't glue, clip, or paint! In the same series: Big Unofficial Lego Builder's Book ISBN 9783868526585 - \$29.99 Build Your Own Galaxy ISBN 9783868527773 - \$29.99 Little Box of Lego Projects ISBN 9783868529265 - \$16.99 Build Your Own Knight's Realm ISBN 9783868529258 - \$29.99

About the Author Joachim Klang, a LEGO expert since his childhood days, is well-known within the LEGO community for his real artistic and experimental use of the colorful bricks.
