I knew I'd have a hard time finding it in the store. There aren't many projects to do, but there are tons of stitches. There is a sampler project I've always wanted to do and now will. I did the coasters many years ago. They worked up very nicely. I like Leisure Arts for the quality of their craft books. I am 100% happy with this, but I already knew I would be.It shipped quickly and is in perfect condition. I won't let this one get away again.7 of 7 people found the following review helpful. Amazing. carleenAmazing. This is my new go to book for plastic canvas making my own projects. It brings a touch of class to a craft that can be a bit kitschy. The instructions are simple, comprehensive and most importantly easy to follow. A must have for any one who loves crafting with plastic canvas! 1 of 1 people found the following review helpful. Wonderful resource for developing your skill level  
By M.R. This stitch dictionary is a treasure. My partner and I both enjoy plastic canvas and have recently felt comfortable trying more complicated projects or adjusting patterns. This is a wonderful resource for understanding new stitches and supplementing the instructions on the patterns themselves, which often assume knowledge or offer only a basic direction. As we're interested in creating our own patterns ultimately, I suspect we'll return to this resource regularly.

Leisure arts-plastic canvas stitch dictionary. Directions for 113 stitches are both illustrated and color photographed in this handy reference guide featuring plain stitches, fancy stitches, joining methods, and other techniques. Five projects using many of the stitches are included. Softcover, 41 pages. Made in usa.
