#2117359 in Books Hal Leonard Model: 815057 1995-03-01 1995-03-01 Original language: English PDF # 1 11.00 x .26 x 8.50L, .60 #File Name: 079354057780 pages A wonderful way to involve kids in multicultural musical traditions! This unique book/audio package lets children sing and play songs from around the world by making their own musical instruments. The book includes easy-to-follow instructions for making and playing 10 percussion instruments by using recycled, everyday items. The book is full of close-up photos to help make and play the instruments. Each instrument project includes background information on its culture of origin, activities and games involving the instrument, a suggested reading list for more information on the culture, and a song to play with the instrument. The delightful accompanying recording features traditional songs so kids can play and sing along | File size: 77.Mb

Jessica Baron Turner : Let's Make Music!: An Interactive Musical Trip Around the World before purchasing it in order to gauge whether or not it would be worth my time, and all praised Let's Make Music!: An Interactive Musical

Trip Around the World:

0 of 0 people found the following review helpful. Five StarsBy Vici Seaverbought for work0 of 0 people found the following review helpful. good book for making instruments.By Mother of 5This book has some great easy to make instruments, with some background information on where they come from, and then a song for you to play your instrument with. My only complaint would be the song is not a traditional song from the culture that the instrument originated; the songs are written by the author with the intent of the child playing along. So while it's a good book and I will use it, I will have to supplement traditional songs from different cultures as well.0 of 0 people found the following review helpful. A must for music teachers.By Little Bo PeepGather free and/or inexpensive items and let the kids make their own instruments. With the songs and musical background thrown in with playing their own instruments one can't wish for more.

(Expressive Art (Choral)). This unique book/audio package lets children sing and play songs from around the world by making their own musical instruments. The book includes easy-to-follow instructions for making and playing 10 percussion instruments by using recycled, everyday items.
