Karen Davies : Life Issues I: 10 plays about every day issues affecting children and young people (Christian-Themed Puppet Scripts Series) (Volume 1) before purchasing it in order to gage whether or not it would be worth my time, and all praised Life Issues I: 10 plays about every day issues affecting children and young people (Christian-Themed Puppet Scripts Series) (Volume 1):

Life Issues 1 contains ten plays for glove puppets, on the following subjects: Perseverance: Dont give up, even when we think we have made a bad mistake and will never get it right. Based on Peters denial of Jesus. The Prodigal Son:

The Prodigal Son parable, forgiveness, and Gods love. Seaside The House on the Sand: The parable of the house builders, building your life on a good foundation, and holidays. New Term: Coping with problems and worries, and knowing that God is with us in them. Remembering: Remembering, and the meaning of Holy Communion. Moses and the Escape from Egypt: Moses, we can do great things with God on our side, whether we think we can or not, and it doesnt matter what other people think either. Daniel and the Lions: Facing hard things. Based on Daniel in the lions den. Moles in the Churchyard: God looks after us, and He can free us from our fears. Doing Hard Things for God: Having the courage to do difficult things. Written in an engaging way, these short plays provide unpatronising lessons for young people, based on Christian stories and beliefs.
