Johanna Basford : Lost Ocean 2017 Wall Calendar: An Inky Adventure and 2017 Coloring Calendar before purchasing it in order to gauge whether or not it would be worth my time, and all praised Lost Ocean 2017 Wall Calendar: An Inky Adventure and 2017 Coloring Calendar:

4 of 4 people found the following review helpful. This is a nice calendar but the pages are a little too glossy ...By C This is a nice calendar but the pages are a little too glossy for my pencils to color easily. I found myself pressing harder than would be ideal and also getting some hand cramps. The illustrations are very nice, though there is a decent amount of white space around each picture. I don't know how it will look finished, but if you wanted to color the background I imagine it would take awhile. 10 of 11 people found the following review helpful. Quite good By Vimo Looks quite good, since the intricate images are a little magnified, I think it will be easier to color. I haven't tried to color it yet, but mostly I'll be using color pencils. I saw other reviews about bleeding through on use of markers, so not sure if I'll be using markers on these. 1 of 1 people found the following review helpful. I like this one even more as there is spiral rings ...By Stella Got one last year, I like this one even more as there is spiral rings on this one and it makes it easier to work on since you can fold up the calendar part out of your way. Good card stock paper, I use marker, doesn't bleed through.

Johanna Basford's amazing 2013 bestseller *Secret Garden* fueled the adult coloring craze, selling an unprecedented number of copies. It was born out of the self-described "ink evangelist's" passion for the hand-drawn line and its inherent sense of energy, which is impossible to duplicate via computer-generated graphics. Her initial bestseller was quickly followed by two more as her fan base and the coloring phenomenon grew. Along the way she's lent her art to such corporate clients as Starbucks, Absolut Vodka, and Chipotle. No matter where it's encountered, her art evokes fancy in the viewer, inviting closer inspection of its hidden intricacies. Waves of calm will greet users of this spiral-bound calendar each month as a different image from Johanna Basford's best-selling *Lost Ocean* offers them the chance to creatively color or just lose themselves in the amazing art.
