Page after page of wonderful, delightful illustrations for your very dear friend to color. I was eager to give this to my friend. Each page has a quote that, in conjunction with all the quotes in the book, sums up the meaning of friendship and the character of a true friend. My friend was delighted to receive this. I highly recommend it. 5 of 5 people found the following review helpful. Sometimes adulting can be fun By Ckelly Adult coloring books....this one is awesome! For real, does it get any BETTER!!!!
