Cathy Geier : Lovely Landscape Quilts: Using Strings and Scraps to Piece and Applique Scenic Quilts before purchasing it in order to gage whether or not it would be worth my time, and all praised Lovely Landscape Quilts: Using Strings and Scraps to Piece and Applique Scenic Quilts:

14 of 14 people found the following review helpful. DisappointingBy Joan WoodcockIf the above book had been printed in a format that was easier to read, the the good material would have been very helpful and a good resource.I am able to read only a little at a time due to the paleness of the print. What a shame. The pictures are excellent.15 of 16 people found the following review helpful. You NEED to add this book to your quilting library!By ShannonPurpleI really love Cathy Geier's new book, Lovely Landscape Quilts. It's easy to read, several different ways of piecing with the strips are shown, as are closeups of her free motion quilting techniques. I've almost finished my first design of hers

and I'm hooked. This is my favorite landscape quilt book, and believe me, I have most of them! I have several other designs in mind from the book to make after I finish this one. If you don't have this book, please add it to your collection - it's been #1 on for a good reason. Oh, and you have to check out her blog and website if you are looking for other techniques and specialty landscape fabrics to make your creations! She also just won an amazing award for her tree quilt in front of an amazing sunset - you'll be glad to have this book if you decide you want to try to make something similar. Thank you Cathy for a great, inspirational book. I can't wait to continue using this technique on other quilts!!6 of 6 people found the following review helpful. Great book!By txbluebonnetI have a couple of other landscape quilt books; however, this one is really one I think I could follow to make the landscape I'm wanting to make! I haven't read it in detail; just skimmed it, but there are several landscapes in it that I really like. It's a wonderful addition to my quilt book library!

Create beautiful landscape quilts using strips and scraps with these 15 lovely projects!In *Lovely Landscape Quilts*, Cathy Geier walks you through the process of creating amazing landscape quilts using simple techniques that anyone can try. Learn how to find inspiration and choose your fabrics, how to design and lay out your quilt, and how to use angles to create skies, water, hills and mountains. Learn tricks for embellishing your quilts with applique, marker and fabric to create shadows and highlights that will give your landscape quilts depth and perspective. Cathy's book evokes a warm contemporary feel through its use of wood-free paper and includes life size patterns of all the appliques used in her projects. Finally, learn the tips for finishing and quilting before trying any of the 15 beautiful projects designed by Cathy.

About the AuthorCathy Geier authored the book *Watercolor Landscape Quilts*, has been featured in several quilting magazines, and teaches workshops all over the country. Many of her quilts have been exhibited in prestigious national quilt shows. She owns and manages an online store specializing in landscape quilting fabrics and her blog regularly includes landscape quilting tutorials at patchworksthatpraise.com
