I have to admit that I received it yesterday and have already reviewed it at least ten times. The tree leaves, flowers, birds and insects are so simple yet beautiful. The back ground of each page is either solid grey or tan and the rest is left for coloring. I do not feel I want to take away from the perfection and serenity of the pages so will not color them. I truly am pleasantly surprised and happy with this "keeper" book.3 of 3 people found the following review helpful. So stunning!By Misty MThe quality and artistry of this book is amazing. I love it. It is thick quality paper. It is large and measures in at about 9 1/2" square. The metallic backgrounds are muted.7 of 8 people found the following review helpful. Mommy Daughter TimeBy CelesteI ordered this book thinking that it would be a little more interesting for me to color when I was sitting with my daughter coloring. I guess it was more interesting, because if Mommy was coloring those fish, Fiona wanted to color those fish, too. She actually kept interested longer using color pens and this sheet than she generally does with a coloring book, so that was good. I think the pictures are very pretty and are abstract enough to allow a great deal of creativity. I had fun and so did my daughter.

Exquisitely packaged in a big, square format, with exposed-boards, eye-catching fluorescent covers, top-, side-, and bottom-stain, and three different colors of metallic-ink paper, this all new adult coloring book contains 60 designs, ready to be colored with pencil, pen, or paint. The designs are printed on heavy-stock paper covered with one of three different colors of metallic ink. The pages are easily removable so any artist will be able to display his or her work. These high-quality, high-style books are a must have for anyone who loves beautiful design and uniquely-crafted objects.

About the Author Virginia Arraga de Malherbe is an artist and graphic designer. She lives in Paris.
