**Tigerlynx : Magic Mandalas Colouring Book For Kids: 50 Easy and Calming Abstract Mandalas For Children** before purchasing it in order to gage whether or not it would be worth my time, and all praised Magic Mandalas Colouring Book For Kids: 50 Easy and Calming Abstract Mandalas For Children:

0 of 0 people found the following review helpful. Five StarsBy Michael NovotneyGrandkids Love It

50 original mandala illustrations All abstract designs Difficulty level: very easy Designed for children, with thicker lines and simple shapes Also great for adults who enjoy simple designs Single-sided printing Magic Mandalas Colouring Book For Kids is a mandala colouring book designed for children. It has fifty original mandala illustrations

with thicker lines that are easier to stay inside, and simple - yet interesting - shapes that are easy to colour. Colouring is now well known for its stress-relieving benefits, and colouring in mandalas is just as calming for kids as it is for adults. Mandalas are lots of fun to colour too, and this book will help keep them occupied for hours. Magic Mandalas is also a great choice for adult beginners, and anybody who likes colouring simple designs. All of the mandalas in this book are designed by hand, and digitally mirrored for smooth lines and perfect symmetry. You won't find these original mandala art designs anywhere else! You can preview all the designs in this book on the author's website - for the URL, click the author name, and see the left hand sidebar. If you or your kids are using markers, it's best to place a sheet of scrap paper under the page you're colouring, to protect against bleed-through. There are spare pages at the back of the book for this purpose.
