before purchasing it in order to gauge whether or not it would be worth my time, and all praised Magical Animals Coloring Book: Magical Designs (Doodle Art Alley Books) (Volume 4):

Fun, whimsical, animals to color with just the right amount of complexity for me! By Roseanne M. This is a nice collection of animal designs, with a wide variety of animals A-Z. I tend to like designs to color with some detail, but not so detailed that you lose your patience and eyesight. So I prefer less complex designs, as in this book. Most of the animals are centered on the page with some background details around them, so it isn't too intimidating for me. I easily finished my page (see my photos) in one evening. I think these animals will appeal to young and older people--they are cute and whimsical, but not juvenile. Features of the book: -50 designs are on the front of the page only--nothing on the back -Crisp, clean line art (I hate it when the lines are blurry) -8.5x8.5 Bright white paper--the same as all the Createspace publications. -Pages are not perforated -Designs are suitable for markers (some pages will require a fine tip), colored pencils, and gel pens. -Crayons will work for even some of the images. -Markers may bleed through, so use a blank page as a "color protector page". -Glossy front and back covers Overall, this book provides some really charming animal designs, and should keep you busy coloring for many days! I received a free copy of this book to test and give an unbiased review, and my

opinions are based on actually using and coloring the book. I used Caran D'ache colored pencils and some watercolor pencils for my page. 0 of 0 people found the following review helpful. loveBy Mrs Mommy Booknerd (Mrs Mommy Booknerds Book Reviews) #MMBBRBy far DOODLE ART ALLEY BOOKS are my absolute FAVORITE coloring books EVER! I just love everything about them! I love the detail, the designs and the size! I use them as creative inspiration on the bathroom mirror for my kids (and myself) to see each morning. I switch the pictures out from time to time to keep things fresh. The boys think that is a great way to start their day! I use these pictures as thank you cards and for other occasions that would constitute a greeting card. I feel that this is such a more personal way to let people know that you are thinking of them!!! In addition to the practical purposes of the finished product the actual process of coloring it both relaxing and therapeutic! I make sure to set aside 20 minutes nearly daily for coloring and I feel so much better when I get my time in! I think there is something very wonderful that happens when you color and I found that is it one of my favorite things to do!!! This whole series of books are all wonderful and each book focuses on something a bit different than the others! All the books are awesome and I HIGHLY recommend them! I cannot wait to see what other books that come out and I hope I am lucky enough to review them here for all of you!!! 5 HUGE STARS!!!
