Congresswoman Pinegree is a knitter!By PDamonThis is a great book, full of fun island stories and sweater patterns. The patterns are great as is, but the charts can easily be adapted onto less ornate sweaters. I used the beautiful train chart on a plain background sweater.A wonderful resource book and nice knitting library addition.It's also really fun to have some of Chellie Pinegree's designs from back before she was in Washington.1 of 1 people found the following review helpful. Main Island Kids (Knit Sweaters for kids)By JoyceC.This pattern book is unique. The author, Chellie Pingree, designed the sweaters and conducted a thriving mail order business from an island off the coast of Maine. I was delighted to find this book as she no longer publishes. The fun also includes stories about the island.
