Lisa Van Herik : Make Wire Beads before purchasing it in order to gauge whether or not it would be worth my time, and all praised Make Wire Beads:

0 of 0 people found the following review helpful. How to Make Your Own Wire Beads By Prettysmartideas This is the only book I've seen which actually talks about how to make wire beads. I only wish that the instructions were more clear, Perhaps with a few step-by-step photos of the more involved beads. Still, as far as I know, there isn't anything else like this out there, so it's got to be the best. 0 of 0 people found the following review helpful. very nice book. the instructions are easy to follow and ... By danielle pressoir very nice book. the instructions are easy to follow and there is quite variety of beads shown. she has one bead that she makes using a sugar cube which I think is the best idea ever (what a great way to recycle-technically not really recycling since we do use the sugar cube). but I think it is such a great idea. top notch book. I learned a lot of new things. 1 of 1 people found the following review helpful. Not that great for selling By Catherine Franz I enjoyed this years back when I purchased it; however I didn't find the beads useful in

making jewelry that sells. So, I sold the book.

Make Wire Beads

From the Publisher MAKE WIRE BEADS hits the mark with its concise and detailed how-to instructions for making a wide variety of different wire beads. All 44 beads in this book are fully illustrated both in color and black and white and along with the individual instructions, Ms. Van Herik's comments offer the reader additional creative inspiration. Comprehensive basic instructions combine with the author's unique wire working tips to make this an invaluable addition to any jewelry enthusiast's library. About the Author Lisa Van Herik began her art career in Interior Design in the 1970's, went on to study abstract painting and metalsmithing, and worked as a commercial artist for a number of years. Both her handpainted and fine silver wire jewelry lines have been sold in gift and fine craft galleries across the country. During the four years she studied metalsmithing at the Boca Raton Museum of Art, Ms Van Herik developed several of her own unique wire weaving techniques, making her a master wireworker. MAKE WIRE BEADS is the first of an intended series of books about those techniques.
