Kelly Ewing : Making Candles and Soaps For Dummies before purchasing it in order to gauge whether or not it would be worth my time, and all praised Making Candles and Soaps For Dummies:

2 of 2 people found the following review helpful. Overall a waste of my money By Brien Eilers If you wanted to know everything about buying a kit from the store, mixing and pouring it, then this is the book for you. If you want to learn how to "make" soap, then keep looking. I would have given it a one star, but there was some useful info on aromatherapy and business modeling. 0 of 0 people found the following review helpful. Wonderful! By Zane Though there are several how-to contradictions, sometimes on the same page, the overall body of knowledge is well worth the price. Recommend. 0 of 0 people found the following review helpful. Two Stars By tillymelt and pour

Make floating candles, herbal soaps, and even a home spa Discover the secrets of color, shape, and scent the fun and easy way?
